

Education for Abundant Living Board of Directors

As I See It – March 2024

Diana Bull, M.A., Board Member

As a founding member of Kathleen Lenover's Board, I helped Kathleen and Kathie Blea to determine what was the purpose, the processes, the vision, and the name of Education for Abundant Living. We worked through accomplishing the requirements, the paperwork and supporting Kathleen as she qualified for a Focus Ministry within Center for Spiritual Living.

After becoming a Minister for CSL, Kathleen led EAL for the two years required until she became ordained and thus a life-time minister with Centers for Spiritual Living. Kathleen, being a lifetime learner, decided that she wanted to earn a Doctorate and so she began at University. To earn the doctorate, one of her requirements was to write a book. So, Kathleen took a course in how to write a book about her life which became her book, *I Am Perfect For This*. We were all so proud of her accomplishment and that she was now Rev. Dr. Kathleen Lenover. Unfortunately, Kathleen made her transition before we could have her book launch with us.

But Education for Abundant Living continues. There is still a need for education about religious financial growth, about how to live abundantly, and how to put the two topics together. The organization is all set up and it continues to function. It is looking for a new leader who would like to have all the mechanics completed and who would like to take EAL to the next level. If you or someone you know would like to step in to those shoes, please contact us.
